

## Technical Bulletin June 2022

### Class Rules

CR (2013) 5.32 “The use of a windward sheeting system is optional” has not been transferred 1:1 into the new class rules e.g. version 2020 or 2022

The use of a windward sheeting system is covered by the following two class rules:

CR C.7.2 (xi) “At least two cleats and turning blocks for the mainsail traveller cross-haul, the locations of which are optional.” and

CR C.9.8(ii) “The mainsail sheet traveller control shall have no more than 2:1 purchase. Locations of turning blocks and cleats are optional.”
